

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED BY EDEN MEDICAL CENTER AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

**November 1, 2006**

**What this Notice is and Why it is Important**

This notice is required by law to inform you of how your health information will be protected, how Eden Medical Center may use or disclose your health information, and about your rights regarding your health information. If you have any questions about this notice, please contact Eden Medical Center's Privacy Officer, Nancy Dyar, at (510) 727-2712.

**Understanding Your Health Information**

Every time you visit a physician, healthcare provider or hospital, a record of your visit is made. Typically, this record contains a description of your symptoms, medical history, examination and test results, diagnoses, treatment, and a plan for future care. This information, often referred to as your medical record, serves as a:

- Basis for planning your care and treatment
- Means of communication among the health professionals who contribute to your care
- Legal documents of the care you receive
- Means by which you or a third-party payer (e.g. health insurance company) can verify that services you received were appropriately billed
- A source of data for medical research and public health
- A source of data for planning facilities, marketing healthcare services, and fundraising
- A tool for educating health professionals
- A tool with which we can assess and work to improve the care we provide

Understanding what is in your record and how your health information is used helps you to ensure its accuracy; better understand how others may access and use your health information; and make more informed decisions when authorizing disclosures to others.

**Your Health Information Rights**

You have the following rights related to your medical and billing records kept by Eden Medical Center:

**Obtain a copy of this notice.** You will receive a copy of this notice at your first visit after its publication (4/3/2003). Thereafter you may request a copy of this notice or any revisions from Admitting, at [www.edenmedcenter.org](http://www.edenmedcenter.org), or by calling (510) 727-2712.

**Authorization to use your health information.** Before we use or disclose your health information, other than as described below, we will obtain your written authorization, which you may revoke at any time to stop future use or disclosure.

**Access to your health information.** You may request a copy of your health information that Eden Medical Center keeps in your medical or billing record. Please submit your request in writing to our Health Information/Medical Records Department at either our Eden Campus or San Leandro Hospital Campus. You may also access the form on our website at [www.edenmedcenter.org](http://www.edenmedcenter.org). There may be a charge for the costs of providing you with copies.

**Amend your health information.** If you believe the information we have about you is incorrect or incomplete, you may request that we correct or add information. Your request must be in writing and directed to Eden's Medical Records Department.

**Request confidential communications.** You may request that when we communicate with you about your health information, we do so in a specific way, e.g. at a certain mail address or phone number. We will make every reasonable effort to honor your request.

**Limit Eden Medical Center's use or disclosure of your health information.** You may request in writing that we restrict the use or disclosure of your health information for treatment, payment, health care operations, or any other purpose except when specifically authorized by you, when we are required by law, or in an emergency situation in order to treat you. We will consider your request and respond, but we are not legally required to agree if we believe your request would interfere with our ability to treat you or collect payment for our services.

**Accounting of disclosures.** You may request a list of disclosures of your health information that we have made for reasons other than treatment, payment or healthcare operations. Disclosures that we make with your authorization will not be listed. We will provide one list per year free of charge, but may charge for subsequent lists in the same year.

### **Our Responsibilities**

We are required by law to protect the privacy of your health information, establish policies and procedures that govern the behavior of our workforce and businesses associates, and provide this notice about our privacy practices, and abide by the terms of this notice.

We reserve the right to change our policies and procedures for protecting health information. When we make a significant change in how we use or disclosure your health information, we will also change this notice. The new notice will be posted in each of our admission and registration areas, on our website at [www.edenmedcenter.org](http://www.edenmedcenter.org), and from our Privacy Officer.

Except for the purposes related to providing your treatment, collecting payment for our services, performing necessary business functions, or when otherwise permitted or required by law, we will not use or disclose your health information without your authorization. You have the right to revoke your authorization at any time. We are unable to take back any disclosure we have already made with your permission.

## **Examples of Uses and Disclosures for Treatment, Payment and Healthcare Operations:**

- **We will use your health information to facilitate your medical treatment.**

**For example:** Information obtained by a nurse, physician, or other members of your healthcare team will be recorded in your record and used to determine the course of your medical treatment. Your provider may document in your record his or her expectations of the members of your healthcare team. Members of your healthcare team will then record the actions they take and their observations as appropriate. In that way, the physician will know how you are responding to treatment. We will also provide your physician, or other healthcare providers involved with your treatment (e.g. specialists, consulting physicians, anesthesiologists, therapists, etc.) with copies of various reports that should assist them in treating you.

- **We will use your health information to collect payment for health care services we provide.**

**For example:** A bill may be sent to you or your health insurance company. The information on or accompanying the bill may include information that identifies you, as well as your diagnosis, procedures and supplies used. In some cases, information from your medical record is sent to your insurance company to explain the need for or provide additional information about your treatment.

- **We will use your health information to facilitate routine healthcare operations.**

**For example:** Members of our medical staff or quality improvement teams may use information in your record to assess the care you have received and how your progress compares to others. This information will then be used in efforts to improve the quality and effectiveness of the healthcare and other services we provide. Eden Medical Center is an affiliate of the Sutter Health network. We may permit Sutter Health to use your health information to support necessary business, financial, and clinical functions. Examples of these functions may include: auditing our clinical procedures, analyzing our cost of care, arranging for patient satisfaction surveys, and determining the need for new healthcare services.

- **We will use your health information to help us educate medical staff, clinical staff, and students.**

**For example:** Eden has associations with a variety of schools involved in the education of health professionals. All staff, instructors, and students must sign confidentiality agreements before accessing any health information maintained by Eden Medical Center.

- **We will use your health information to notify your family and friends about your condition.**

**For example:** We may use or disclose information to notify or assist in notifying a family member, personal representative, or another person responsible for your care or your general condition. Health professionals, using their best judgment, may disclose to a family member, other relative, close personal friend or any other person you identify, relevant health information to facilitate the person's ability to assist in your care or make arrangements for payment of your care.

- **We may use your health information to inform persons about your death.**

**For example:** We may disclose health information to funeral directors, coroners, and medical examiners consistent with applicable law to carry out their duties.
